EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Replace claim 16 with the following:

__ 16. (Original) A computer system adapted for the concurrent processing of digitally signed document, the system comprising: a) a signature verification module adapted to verify the signature associated with a document, b) a document structure verification module adapted to verify the structure of a document, c) a state processor, and wherein both the signature verification module and the document structure verification module interface with the state processor during verification of the signature and verification of the document structure, and wherein the state processor is adapted in response to a verification failure of either the signature or structure to flag the failure and wherein the signature verification module and the document structure verification module are adapted to terminate verification upon detection of the failure flag arising from the failure of the other verification process. __

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance:
3. The prior art has taught validating a signature while loading a document and if the signature is invalid terminating loading of the document but has failed to teach, as

Art Unit: 2134

characterized by the applicant, terminating verification of a digital signature if a concurrent process of checking the structure of the document is invalid. Furthermore, the teachings of the prior art while suggesting termination of a concurrent process has not taught termination of a process such as document structure verification.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thomas Szymanski whose telephone number is 571-272-8574. The examiner can normally be reached on M-F 8-4:30.

6. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jacques Louis-Jacques can be reached on 571-272-6962. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

7. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
